## FREEDOM MOTOR UPGRADE KITS

PLEASE FORWARD TO:

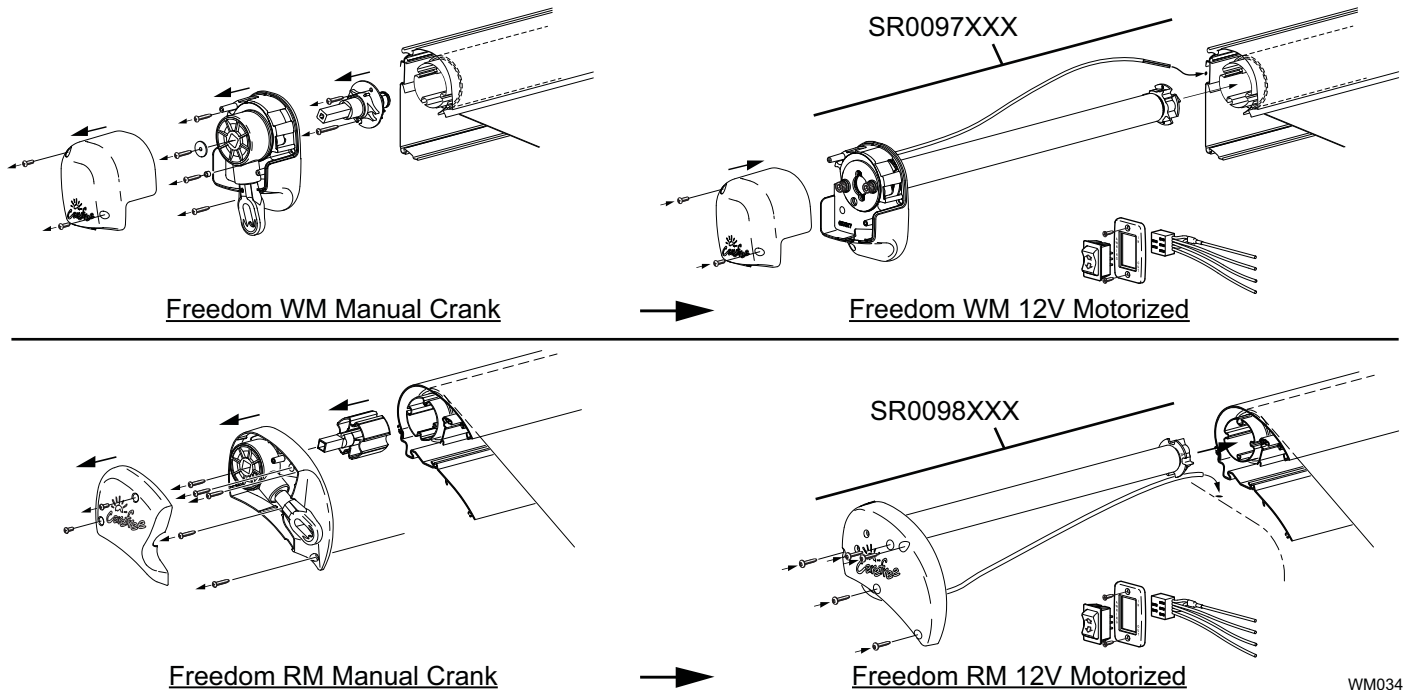

Dealer Service

☐ SERVICE MANAGER ☐ WARRANTY MANAGER ☐ PARTS MANAGER

Carefree's Freedom WM (Wall Mount) and Freedom RM (Roof Mount) awnings are available in manual and motorized configurations.

For the manually operated awnings, upgrade kits are available to convert the awnings to 12V motorized with single switch operation.

These kits include the motor, wires, switch, LH end cap and attaching hardware.

WM034

**Please Note:**

- Early manual units may not have the manual override access plug in the RH end cap. If the RH end cap does not have the plug, it will be necessary to replace the RH end cap. The RH end cap is not included with the kit.

Freedom WM RH end cap: R001620XXX

Freedom RM RH end cap: R001594XXX

- Installation and wiring details are included with the motor upgrade kit.
- Upgrade Kit for Freedom WM: SR0097XXX
- Upgrade Kit for Freedom RM: SR0098XXX
- XXX = Color; BLK = Black, WHT = White, SAT = Satin
- These kits fit Freedom style codes BY and 35 only.
