Re: Add-A-Room Offering – Effective Immediately

As the industry continues to evolve and transform Carefree must do the same as it relates to our product lines to meet the needs and expectations of our customer partners and the greater marketplace. To this end we are adjusting our Add-A-Room product offering. The following page details our complete Add-A-Room offering effective immediately; please refer to it as you place orders. Please note, we can no longer support custom room sizes or configurations.

Additionally, effective immediately Carefree is discontinuing Windshield Covers and Window Covers due to a lack of sales and market demand.

We sincerely apologize for any inconvenience this causes, or has caused you. Rest assured Carefree has its customers' needs and expectations at the forefront of our decisions, and we remain committed to providing you with the highest level of product and service quality, performance and value.
